

The brutal compulsory vaccination

According to Bill Gates, people should only be allowed to lead a normal life again when they have their genetic material genetically modified by an mRNA vaccination.

By Jens Bernert.

The so-called corona crisis is the ideal basis for some charades of the power elites (1). The vaccination industry not only earns well, it is at the forefront of the process of transforming our society (2). "Vaccination Pope" and multi-billionaire Bill Gates openly announced in video interviews that people will only regain their basic rights, their normality, when they undergo a "vaccination against the coronavirus" (3):

„You don't have a choice. People act like you have a choice (..) for the world at large, normalcy only returns when we largely vaccinated the entire global population.“

In another video, Bill Gates announced another wave of viruses that would receive real attention. Everyone should have a look at his facial expression (4).

"We'll have to prepare for the next one. That will get attention this time."

I would not say that the coronavirus did not get any attention (5).

Gates himself expects "only" 700,000 victims worldwide from such an "anti-corona vaccination" (6). He announced this in another video interview - with the US channel CNBC (7). Some experts expect at least 80,000 deaths in Germany from this type of vaccination (8).

Since attempts to vaccinate against similar viruses have been unsuccessful in recent decades, the vaccination industry now wants to work with genetic engineering in the case of the coronavirus and try out so-called mRNA vaccinations. In these "vaccinations" genetic material is introduced from outside. The cells incorporate this material and the body is thus genetically modified. The effects of this are still unknown. The material becomes part of the genome of every human being (9).
